A variety of industries such as trades, health care, tourism, arts and technology, esthetics, automotive, forestry, oil, and policing will be on hand to provide attendees with information about their industry and what it takes to excel within it.

Visitors are encouraged to attend the Seminar Sessions presented by industry professionals. Seminars are 30 minutes in length and cover popular topics in the labor market and industry trends.

**New** to the events are opportunities to win bursaries / scholarships and prizes. For example, LaSalle College is offering \$2000 bursaries at each of the six events.

“Our events are unique because attendees are exposed to a variety of career options they may not have previously considered or knew existed,” explains Mathias Posch, President of **ECF**. “The events allow participants to speak with representatives from schools and organizations face-to-face and receive answers to their questions in a convenient forum.”
