

The SAGE Foundation was founded as a non-profit organization in 2007. Recognition of excellence is the cornerstone of the Sage Foundation

Our Mission

Building a better community through the recognition of excellence in Community Service, Leadership and Multiculturalism

Our Objectives

1. To offer mentorship and financial support for demonstrated excellence in Community Service, Leadership or Multiculturalism
2. To organize an annual event to award prizes and promote the work of outstanding students
3. To unite and inspire students from all backgrounds to work together to enhance the leadership capabilities of all and to promote multicultural values in BC

Our Inspiration

We recognize that the cultural and social landscape of BC is very diverse and multicultural. Within this landscape is a plethora of talents and achievements that often go unheralded. We believe that talents and achievements MUST not go unnoticed. Our people will be inspired to continue to excel if they are supported. We want to do this through a shared common goal that motivates, unites and inspires - this is the goal.

M.K. Honore Gbedze
Founder and Co-chair

Dreams I have for this community and the values that will make them come true have come together in a new not-for-profit foundation. Established in 2007, SAGE Foundation is ready to begin its public tour of duty.

The SAGE Foundation's guiding principle is the recognition of excellence in the multi cultural nature of our society. We hope to serve as a voice for and to support the building of a better community through the recognition of excellence in Community Service, Leadership, Education and Multiculturalism.

My dream in founding SAGE is to encourage and recognize accomplishments inspired by personal and community success. I hope to stimulate thinking and action while encouraging individuals and groups to take action and show initiative.

I invite you to join me in my journey of creating a better future for generations to come.

Yours truly,

M.K. Honore Gbedze
